[DISPATCHES TO THE OREGONIAN.]

EASTERN DATES TO AUGUST 9.

WASHINGTON CITY.

Internal Revenue Office.

WASHINGTON, August 8.—Pleasanton has written a letter to the President declining to resign the office of Commissioner of Internal Revenue, requesting the President to reconsider his present determination, and that the investigation of the matter of difference between himself and Secretary Boutwell be referred to the Attorney-General for his legal opinion.

Within two hours after the receipt of this letter the President sent him a notification of his suspension. The immediate cause assigned in official quarters for the suspension of Pleasanton is that the Internal Revenue was not collected with efficiency; that Pleasanton reversed the rulings of his predecessors in several important particulars, and made decisions, the effect of which was unnecessarily to lessen public receipts; acting independently of and not consulting with his superior officers as to law and other matters of administration, and that the change was necessary in order to secure harmony in the working of the Treasury Department. Pleasanton is suspended until the end of the next session of the Senate, and Douglass is to perform the duties of the office in the meantime.

Charles Francis Adams.

WASHINGTON, August 8.—The report recently circulated that Charles Francis Adams had declined the appointment of arbitrator under the treaty of Washington, is incorrect. The President to-day received a telegram from that gentleman informing him of its acceptance.

Money Orders to Germany.

WASHINGTON, August 8.—A telegram has been received from Mr. McDonald at Berlin, that he has negotiated a convention with the German government for interchange of postal money orders between that country and the United States. The treaty will not take effect until the 12th October, owing to the fact that the German authorities are required to give one year's notice to the North German Lloyd's steamship company.

BY ATLANTIC CABLE.

Germans Evacuating Paris Forts.

PARIS, August 8.—The Germans have commenced the evacuation of forts north and east of Paris.

VERSAILLES, August 8.—The Assembly to-day passed an indemnification bill compensating the people of the Departments for loss and damages suffered during the war, either from the enemy or French troops. After due investigation of claims and settlement of the amount, it also authorizes the Finance Minister to distribute immediately the sum of one hundred million francs among the most needy.

French Affairs.

VERSAILLES, Aug. 8.—The bill providing for a system of compulsory and gratuitous education throughout the country was introduced. The Committee having the subject under consideration has agreed to report in favor of an income tax.

The Court Martial for the trial of Communists have commenced the examination of witnesses. M. Ferre, one of the accused, attempted to make a speech defending the Commune, but was not permitted to proceed by the President of the court. He said he had ordered the burning of the mint solely on financial considerations. Several witnesses testified that Ferre personally forbade the release of prisoners in the prefecture while it was burning. Both Ferre and Assy were insolent in speech and manner, and were frequently reprimanded by the court. The court room was crowded with spectators.

CALIFORNIA.

From San Francisco.

SAN FRANCISCO, August 9.—The Democratic Legislative nominating convention nominated Owen McMahon of San Mateo for Joint Senator.

SAN FRANCISCO, Aug. 9.—The Democratic municipal nominating convention last night accomplished nothing beyond receiving names of candidates for Supervisors and School Directors.

The Democratic Legislative Convention nominated J. A. McClellan and Wm. A. Piper, Senators for San Francisco.

Lewis Beach, who committed suicide in Laurel Hill Cemetery by taking strychnine at the grave of his son, left the following note in his pocket:

"My dear wife—Forgive me, but I cannot live longer. I have not been as I ought, but have tried to be honest. Hope God will forgive me. Ask Mr. Miller to take my tickets and see to them for you. You will find one in the pocket of my flannel coat. Good bye. God bless you. You have been a good wife to me. I am going to see your darlings. Your affectionate husband.
(Signed) LEWIS BEACH.

Another as follows:

Dear Tilpha—Here by the graves of our dear boys I breathe my last. I tried to get means of my friends but could not do so. Forgive me, and God bless you. Farewell my darling. Hope we shall meet in a better world. (Signed) L. B.

His last son was killed by the building thrown down by a gang of boys on Leavenworth street, two weeks since.

The Board of Education has adopted a resolution to make a thorough investigation of all affairs of their department with a view to economizing sufficiently to avoid the threatened deficiency of $75,000 for the fiscal year if possible.

The Oakland Opposition Ferry Company have ordered the building of a first-class, powerful, swift, double-ender, 190 feet long, immediately. The *Chin Du Wan*, carrying at 10 cents a head, goes loaded every trip.

POLITICAL NOTES.

An error occurred in the statement of the voting population of New York City, as telegraphed here. Of the whole number of voters 70,381 are native born and 118,226 are naturalized. Of those naturalized just about one-half are Irish.

A Stockton (Cal.) paper states that a few days ago a number of women called at the office of the County Clerk at that place to have their names placed on the Great Register as voters. He deemed it his duty to refuse. The applicants have sued out a *mandamus* to compel him.

California politicians have an odd way of dealing with practical questions. One great lack in that region is unskilled labor. Farmers, it is stated in the San Francisco papers, are offering $1 50 per day with board, and cannot get men enough for their work. Three farmers from one locality went to the city labor markets for hands—needing thirty-two—and got only ten. So the Democratic and Republican Conventions meet and resolve that cheap Chinese labor is an unmitigated nuisance and they will have none of it.

The Gold Hill (Nev.) *News* gives a most correct expression of public sentiment in the following: The great compliment paid to the Republican party by the endorsement of its principles by Democratic Conventions, is a just tribute to a party which has based its platform on the broad principles of justice and equality for all. The political history of the world shows no similar instance of a political organization aiming so high and accomplishing so much. After endorsing Republican principles, it is the very essence of absurdity for the Democracy to ask the aid of the people in overthrowing the Republican party.

The Boston *Pilot*, one of the oldest and best Roman Catholic and Irish newspapers in the country, treats the matter of the New York riots with perfect fairness and good sense. It admits the right of Orangemen to parade in the streets, with such mottoes and music as to them may appear proper, without what it calls "sentimental objection" from the other side. It proposes, however, that both factions should give up their processions, and it suggests that the Government should interfere and prevent them. This is not quite so satisfactory, for it is doubtful whether Government has a right to prohibit the movement of unarmed and peaceable men in a body through the public ways. To do this would go very near to a curtailment of the constitutional right of the citizens to assemble for lawful purposes together.

Miller, the Oregon poet, has a poem in the last number of *Harper's Weekly*.

LAST NIGHT'S DISPATCHES.

[SPECIAL DISPATCHES TO THE OREGONIAN.]

EASTERN STATES.

The Tammany Accounts.

NEW YORK, Aug. 9.—The city accounts are in the hands of the printers and will be issued next week. They will make a book of upwards of 3,000 pages, and will contain the names of all persons employed in the various courts and municipal departments, with full explanations defending the action of the Mayor and Comptroller in reference to signing warrants and disbursements of money.

Greeley on the Woman Question.

NEW YORK, Aug. 9.—Horace Greeley has addressed a letter to the *Golden Age* giving his views on the woman question, and repeating his well known ideas with great force. He says the female of the Laura de Fair type, who kills a paramour with whom she claims to be in rightful affinity, and gives the lie in open court to a wife she has doubly widowed, is his pet aversion.

BY ATLANTIC CABLE.

French Affairs.

VERSAILLES, August 9.—Government has introduced a bill to bring trials to a speedy termination. It will suspend for a time the discussion of taxes on raw materials, and will increase instead the existing direct taxes.

The Prussians are ordered to evacuate Troyes.

Loudrew, Communist delegate from Marseilles, has escaped to Belgium.

The Walter Scott Centennial.

EDINBURG, August 9.—The city is full for celebration of the Scott centennial, which occurs here to-day instead of the 15th, by a preconcerted arrangement to secure the attendance of the British Association for advancement of science. Dispatches from London.

LONDON, August 9.—Covey, the released Fenian wounded at Phoenix Park, is not expected to survive.

The Prince of Wales goes to-day to join the Princess at Kissengen.

A meeting was held at Heildburg Sunday to take measures for foundation of a new church in Germany. Forty delegates were present, coming from various parts of Germany, Austria and Switzerland. A committee was appointed to draw up a constitution for the new church. Its main points will be the principles of the Council of Constance in 1314—the subordination of the Pope to the Council, separation of Church and State, free elections of Bishops, communal election of pastors, and modification of the confessional. Delegates are divided in opinion as to whether the church should acknowledge the primacy of the Pope. The committee were instructed to submit their report for ratification at a meeting to be held in Munich in September.

LIBERIA.

The Presidential Election.

NEW YORK, Aug. 9.—News is received from Liberia that the Presidential election, May 2d, apparently resulted in the election of Roberts as President and Gardner as Vice President. President Roy, however, maintains that he was elected for four years, and his term has not expired. He may dispute the validity of the election of Roberts and Gardner.

CALIFORNIA.

SAN FRANCISCO, August 9.—Col. Von Schmidt leaves for the mountains to-morrow morning to agree with an engineer designated by the Central Pacific Railroad Co. on the initial points for the Lake Tahoe tunnel, and to superintend the erection of quarters for the large force of laborers to be put to work as quick as accommodations can be provided for them. The tunnel will be bored as first intended, with a machine cutting out a core seven feet in diameter, and then enlarged by blasting, to 19 feet in height and 21 feet in width.

The time for the collection of the original Hidden Treasure assessment of two dollars has been postponed until the 7th of September. It is probable that the assessment will be rescinded altogether.

This morning, Mrs. H. Heyneman, wife of a prominent merchant of San Francisco, was riding with her son in the western part of the city. The team took fright and ran away, throwing Mrs. H. from the carriage, fracturing her skull. She is supposed to be fatally injured. The young man was severely though not dangerously injured.

The Governor of Lower California writes to Mexican Consul that the last remnant of the Magdalena Bay colony have arrived at Cape St. Lucas, and are awaiting transportation to San Francisco. Meanwhile he issues them rations to keep them from starvation.

Schooner *Fannie Hare* is to load for Singapore direct.

SAN FRANCISCO, Aug. 9.—The Democratic Municipal Convention this evening nominated Frank Coney for Supervisor from the 2d District; Myles D. Sweeny from the 4th; Casey from the 6th; A. Himmelman from the 8th, and are now engaged on the 10th.

The Democratic Legislative Convention has been receiving names for candidates for the Legislature all evening. No nominations are yet made. They have about 100 names, and every one is required to pay up as his name is called.

The Republican County Committee had no quorum. They will meet to-morrow evening again.

An old man, name unknown, passenger on the schooner *Undine*, from Cuffey's Cove, was found dead in his bunk as the vessel entered port this evening.

INTERIOR CALIFORNIA DISPATCHES.

A train of twelve cars, with a band of music, took over six hundred people to the Marysville meeting, where Booth speaks to-night. The Young Men's Republican club went in new uniform—red caps and capes.

At 8 o'clock this afternoon, at the southwest corner of J and 7th streets, W. B. Delaney, President of the San Francisco Mechanics' Association, was met and fiercely assaulted by two roughs, who beat him badly about the head. Delany, it is said, came here to investigate the State Capitol matters.

SANTA ROSA, August 9.—The Pacific Methodist College was opened to-day in their new college building with one hundred and twelve students. Able and interesting addresses were made.

HEALDSBURG, August 9.—A large crowd assembled this evening to attend the remarks of Gov. Haight. J. D. Hambleton spoke first, followed by Haight and Jo. Hamilton. Their speeches were brief, as they had to be at Cloverdale to-night, but satisfied the enthusiastic multitude.

STOCKTON, August 9.—The Republicans are holding a meeting to-night, addressed by Curtis, Evans, Pillsbury and Woodward.

MOKELUMNE HILL, August 9.—Hon. T. G. Phelps is now addressing a large and enthusiastic Republican meeting. A large number of ladies are present. A. A. Sargent will not speak in Calaveras county on account of sickness.

MARYSVILLE, August 9.—Booth arrived from Oroville at 7:15 P. M., and was taken to the Dawson House in an open barouche drawn by four bay horses gaily decked. In the carriage with Booth were Eastman, Judge Filkins and L. B. Ayer. A large train of carriages came to see them from Oroville. The cars were crowded. An excursion train came from Sacramento of eighteen cars; two added at Wheatland, densely crowded. Seven cars came from Chico with a band and Republican Club. The streets are illuminated and fireworks are being freely let off. Seats erected for ladies were immensely crowded, balconies filled to overflowing, and the streets almost impassable. When the meeting was called to order fully 5,000 persons were present. The meeting organized with Judge Filkins as President. The utmost enthusiasm prevailed. There was an immense procession, with numerous torches, banners and transparencies, headed by Captain Siddons of the Sacramento boys, followed by delegations from Woodland, Sutter, Butte, Chico and Oroville. Booth made an eloquent and able speech. He was frequently interrupted by tremendous applause. The Sacramento Glee Club sang humorous songs. Eastman followed with a speech surpassing all his former efforts. He was followed by J. Barr of Oroville, who made an eloquent and scholarly speech. This is the grandest meeting ever held in Marysville. The city and county are sure for Booth and the whole State and county tickets.

The upper Willamette is not so low as at this time last year. But it "keeps its bed."

A road has been cut out connecting the old Barlow road near the old Government camp, with the snow line of Mt. Hood.

The *Statesman* says that the incentive of one dollar a bushel for wheat is spurring on the farmers to thresh their grain and get it into market.

Governor Ballard is driving a tunnel into a coal mine near the Santiam river in Linn county. A day or two since, "indications" of oil were found in the tunnel. The oil trickles out of the bank and collects in small quantities upon the water.

BRITISH COLUMBIA.

The cable between San Juan and Lopez Islands is again out of order.

Coal exports from Nanaimo for the six months amount to 16,257 tons, of which 6,740 tons were sent to San Francisco.

The *Forest King*, which has been lying wrecked on the west coast of Vancouver Island for some time, has been burned by the natives. The Indians are reported quiet.

The steamer *Prince Alfred* will receive $5,000 per month to carry the mails and passengers, and to make two trips per month, between Victoria and San Francisco—under the new arrangements.

The schooner *Ocean Pearl*, Captain Kennedy, arrived at Victoria a few days ago from San Francisco with about 100 tons of freight, amongst which were 80 tons of road steamers consigned to the Bank of British Columbia.

The four marines of the San Juan (English) garrison, who were under court-martial for insubordination a few days since, have received sentence. One is to have thirty-six lashes, another forty-eight, and the other two to be imprisoned for a year.

The Geological Survey party have left Victoria. Mr. Selwyn and Mr. Richards, with assistants comprising the party, will accompany Mr. Moberly's Railway Survey subdivision, which takes the Kootenay and Columbia river districts, and will go via Hope, Similkameen, etc.

PERSONAL NOTES.

The death of Henry W. Hemans, one of the five children of the poetess, is announced—at Para, where he was British Consul. He had until lately held that office at Buffalo, and while there wrote the two articles on France and Prussia, published over his name in the *North American Review*.

The Philadelphia *Telegraph* says: "Pendleton is deeply committed to the greenback theory; Hoffman's prospects are damaged by his Tammany affiliations; Hancock is obnoxious to many of his fellow partisans on account of his military antecedents; while Hendricks has been sufficiently non-committal to enable his adherents, in various localities to draw largely upon their imaginations in distributing his real views and principles."

A GERMAN VIEW OF TAMMANY.—The following is from the American correspondent of the Augsburg *Allgemeine Zeitung*, the ablest and one of the most influential German papers, whose correspondents are selected with great care:

The Democratic party of the country has its headquarters in New York, from whence the political wires of the party are pulled. At its head stands a clique whose leaders, Tweed and Sweeny, are notorious demagogues in New York, and which, under the shelter of Gov. Hoffman, has politically corrupted not only the city but the State. The Democratic party in the city and county of New York is, in fact, a pure mobocracy, (Pobelherrschaft.) Its political triumphs have been constantly gained through fraudulent majorities, and it has in this way forced its supremacy on the city and State. Through corruption and fraud this clique has come into the possession of such wealth that it employs as its paid tools on the occasion of elections the lowest dregs of the population. The better classes, especially the numerous merchants in New York, are finally aroused from their political lethargy, through the pressure of inordinate taxation, and are determined to put an end to the morally and politically lawless mob rule.

Not Catholic Papers.

The New York *Times* of the 25th of July has the following:

There is a very general and apparently just complaint among the intelligent Catholics of this city, that the public insists upon identifying the sentiments expressed through the Irish papers of New York regarding the late riot, with those held by Catholics. They say that these papers are not Catholic, but political newspapers, and that they are conducted for the most part, by men who, though they may be nominally Catholics, are not practically Catholics or Christians, but only politicians and demagogues. There is no doubt that this is, to a great extent, true, and that good Catholics are made to suffer in the public mind from a failure to draw the proper distinction between Irish political sentiments and Catholics religious sentiment. In view of this fact it strikes us that it would serve a good purpose if the Catholic Church of this city were to have some recognized organ of Catholic opinion. Other Christian sects have their weekly religious papers, and why not the Catholics? If a precedent is needed, it may be found in the paper called the *Metropolitan Record*, which when it first started, was allowed to print at the head of its columns: "Organ of the Archbishop of New York." Perhaps, however, the depth of degradation to which that paper has sunk in becoming an organ of the Tammany Ring and a defender of an Irish mob, may be calculated to deter the Archbishop from aiding to establish another "organ."

THE TERRITORIES.

The amount of land disposed of at the Olympia land office during July was 17,445 acres.

The steam tug *Lively*, belonging to the United States, will be sold at public auction at Port Townsend on the 21st August.

A race will take place at the Five-Mile House race track, near Olympia, on Saturday, August 12th, between L. T. Shannon's "Oregon Suze" and C. H. Pennis' horse "Chief," for $500 a side; distance, half a mile.

A few days ago a man named Kinsbury was shot near Boise City by Jacob Drake. The difficulty originated about a debt due the latter from the former. It is feared Kingsbury will die, as the ball passed through the lungs.

The Olympia *Tribune* says: James Brewer, for some years a logger on the Sound, and a brother-in-law named Bird, are suspected of the murder of Cook, the particulars of which we gave last week. The parties named are in custody, we understand.

From the Port Townsend *Message*: We learn that M. S. Drew, Collector of Customs, has been invited to tender his resignation, and in accordance with the request, has resigned. We have not learned who his successor is, but if the office is given to the man who has worked to get it with the greatest perseverance, it will be given to P. D. Moore.

A haul of 3,38[illegible] fur seal skins from San Juan and Cape Flattery is one of the "ten strikes" made by seal hunters lately. The lot is now being sorted and packed by a house in San Francisco, and will soon be shipped to Europe. They are said to be the finest skins ever brought to that city, and in every way superior to the Alaska article.

From the Port Townsend *Argus*: The fishing schooner *Shooting Star*, Capt. Nickerson, arrived here on the 30th, fourteen days from the Shumagin Islands with a catch of 35,000 fish. The fish are said to be the largest ever caught on the northern banks. The schooner arrived at the Islands May 1st, and it was eleven days before she took any fish.

The Olympia *Echo* says Henry Gordon, of Bush Prairie, has an old turkey gobbler who drove his mate from her nest, took possession, set and hatched four young turkeys. The young brood were then put in a coop with the hen turkey and the gobbler coaxed them out and away from her, and is now rearing them in the way young turkeys should be brought up.

The defalcation of Dr. Lampier, Receiver of Public Moneys at Olympia, W. T., is commented upon by the Port Townsend *Message* as follows: "In place of the Government funds the special agent found notes of hand and due bills signed by Gov. Salomon for $16,000, Major Hayden, Capt. Tuttle, and Mr. Hirsch, a trader of Olympia, for the remainder. The amount altogether is $30,000. Gov. Salomon [illegible] a portion of the money in Portland, and McElroy got the balance in Seattle, so that the amount of the deficit has been made good. The *Message* calls for the dismissal of all who are implicated in the transaction.

The Daily Oregonian.

THURSDAY MORNING, AUGUST 10, 1871.

Democratic Frauds in New York.

The other day the *Oregon Herald* undertook to inform the American people that "Gov. Hoffman's proclamation permitting the Orange parade was not only impolitic, but it was illegal, and an unwarranted assumption of power." We venture to say that an "opinion" equal to this has not been delivered since the days of the war for the Union, when such writers as the editor of the *Herald* assured us in the most solemn manner that it "was not only impolitic, but it was illegal and an unwarranted assumption of power," to fight the rebellion, uphold the Constitution and enforce the national authority.

Of course we have a right to expect that a paper which would surrender a vital principle of liberty at the dictation of a mob, in order to conciliate the Democratic votes of which that mob was composed, would also defend the prodigious thefts perpetrated by the Tammany gang, the proof of which is now being laid before the country. In this we are not disappointed. We find the *Herald* coming to the defense of the Tammany thieves, in this way:

> Throughout the country, the entire pack of Radical newspaper lobbiers, is engaged in getting up a scare over the Tammany Democracy. Entirely ignoring the General Government, which is being robbed daily by Federal officers, it is watching New York exclusively, to discover something wrong, thus imitating the example of that other old fool, who was working very busily, at the spigot, while his cider was running all the while out of the bung hole. This is done in order to divert attention from Washington. It is the old trick practiced by thieves, of joining in the cry of "stop thief."

We have not inserted this for the purpose of making a defense of the management of the national finances. The general management under the present Administration shows for itself in most satisfactory results. Its economy and honesty, as shown by the reduction of expenditures and the rapid decrease of the debt, are facts that stand out boldly and cannot be questioned.

How is it with the management in the Democratic stronghold of New York? The debt of the city is increasing with frightful rapidity. It has been shown by figures, the accuracy of which the Tammany thieves have not dared to dispute, that millions on millions have been wasted in the most profligate and corrupt expenditures. Further, it is well known that the ring have all risen from comparative poverty to regal wealth and splendor within the space of five or six years. A short time ago "Boss" Tweed was a bankrupt; to-day he is worth countless millions. His only occupation has been politics, in which he has amassed wealth far exceeding the modesty of a private fortune. By sharing the dividends of corruption and rascality, the other members of the gang have become millionaires with him. Facts have recently been unearthed which show some of the methods whereby the public have been robbed and these thieves enriched. For three years there has been no exhibit of the receipts and expenses of the city and county government. The disclosures recently made were brought to light against the wish of the thieves of the ring, who were thrown into consternation by their publication. They did not intend that the facts should be published, and though they now have been driven to publish an exhibit of the debt of the city and county, they still refuse to give the public a statement of expenditures. Do facts like these indicate an honest administration? Vast, however, as the frauds are which have already been exposed, it is believed that they are trifling compared with those still undiscovered. The New York *Times*, which has not yet made a single statement that it has not substantiated, says on this point:

> Not a fiftieth part of the misdeeds has yet been brought to light. When the city accounts are laid bare, when the pay-roll is published, and the accounts of the New York Printing Company, and other similar concerns, revealed, it will appear which will cast those we have already made far into the shade. If Sweeney and his friends can disprove this statement by publishing the accounts they will do it, for they are at their last extremity; but they know that there is not one of their pecuniary transactions during the last few years which will bear the light of day. There is not one single [illegible] made they can bring evidence to upset.

It adds the following:

> If legal proceedings are taken against the Tammany "Ring," it will fall to pieces like a house of cards. The public have even now no suspicion of the corruption and rottenness which characterizes this faction, but the leaders know all about it, and dread the first touch of the public hand. They know now that if the public are in earnest they have nothing before them but flight.

This is the organization that the *Oregon Herald* holds up for. This is the organization whose [illegible] it accepts. This is the organization which it recognizes as the head of the Democratic party of the United States. And this is the set of thieves which will control that party, if the party gets into power at Washington.

Inasmuch as the *Herald* has seen fit to allude to the [illegible] of national finances as a defense for Tammany, it will be in order to remind it that a high Democratic authority—Brick Pomeroy's *Democrat*—has declared that the members of the Tammany gang "can, blindfolded, with one hand tied behind them, steal more in one hour from the people than all the Republicans in Washington could steal in twenty-four." This is the testimony of a better Democratic authority than the *Oregon Herald*.

An Experiment in Illinois.

The law of Illinois giving to juries the discretion in capital cases to make the punishment imprisonment for life, the Chicago *Tribune* declares, "is a good one in its operation," and "especially good in all cases where the evidence is purely circumstantial, or where there are circumstances which may be said to offer moral though not legal extenuation." That paper adds:

> Under the new law there have been few if any escapes from conviction, though the sentences have not always been of death. Juries will not fail to convict men of any crime when the punishment is short of death, and if the evidence does fall short of positive demonstration. The reason is, that if the jury should happen to do injustice, the thing is not irremediable. But, under the same circumstances, juries will not convict when the man must be hanged.

We reach the same result here by a simpler method, or at least without the formality of a law giving to juries this discretion. In order to prevent hanging, our juries bring in verdicts of murder in the second degree, for which the penalty is imprisonment for life. Practically it is the same thing as the Illinois experiment.

Referring to the events that have taken place in New York recently, the New York *Tribune* says: "It is plain that one result of those events is that no man put forward by Tammany for the Presidential nomination stands the ghost of a chance of being elected. Yet it is equally plain that any one nominated against the wishes, or without the active support of Tammany, cannot carry this State."

Henry Clay Dean, the "great unwashed" of Iowa, is indignant at seeing the newspapers running him as a "departurist." So he writes a letter to the New York *Tribune*, in which he says that, having been "honestly opposed to the war and its consequences, and in favor of the repudiation of the public debt or its payment in greenbacks," he does not propose now to be classed as having confessed the error of his ways. For, he adds: "This I hold logically true: that, if the Republicans were right in making the war, creating the debt, and changing the Constitution, I see no reason why a new set of leeches should be applied to the body politic for the mere variety of change." This is honest at any rate, and very much to the point.

The Scott centennial celebration took place in Edinburg yesterday, instead of being postponed to the actual birthday of the great novelist and poet, for the reasons stated in the dispatches. In New York and other cities of the United States the celebration will be held on the 15th, Scott's birthday. A grand demonstration will take place in New York.

The New York *Times* has issued a triple sheet, in English and German, and printed in large characters, in which are recapitulated all its exposures of the Democratic frauds in New York. The total amount of the frauds exposed by the *Times* is $9,789,482.16. And it is believed that these are but a tithe of the thefts of the Tammany ring.

From the catalogue of Philomath College (Benton county) we learn that institution is in a flourishing condition. The President is Rev. S. J. Connor. In all the departments there are 110 students. The course of study is full and liberal.

The scandal about Jeff. Davis' conduct in a sleeping car continues, notwithstanding his denial, and names dates and circumstances are given anew to prove him guilty.

Items from Harrisburg.

HARRISBURG, OGN., August 8, 1871.

TO THE EDITOR OF THE OREGONIAN:

SIR—Knowing that the columns of your paper are open to matter of interest from all parts of the State, and thinking this one of most attractive parts, I pen you a few items I have noticed since I have been counted among the denizens of this prosperous "burg." Being, as we now are, at the terminus of the O. & C. R. R., business is necessarily quite brisk. The Railroad Company are building a large depot, which has been needed for some time. Mr. W. W. Briggs, a hard working man, has just resigned his position as station agent. The railroad have track laid within two or three hundred yards of the river above here, about one and a half miles. The Wallamet, at this point, has a very swift current, but J. B. Montgomery—who, by the way has a large contract on the N. P. R. R.—is putting up by contract a substantial draw bridge, which gives employment to some 50 or 70 men, but he will have more on when the bridge is ready to raise. This bridge is to be completed before the high water, which will give some two or three months yet.

Our merchants are having a very good trade, considering the time of the year, and feel confident of plenty of business this fall. Farmers say their wheat crop will not average as good as usual, owing to the drouth, which is felt to some extent all over the State, but will be by no means a failure. Over on the Long Tom, I am reliably informed one man will have at least forty bushels of wheat to the acre. Land is still very reasonable, although in considerable demand.

A very serious accident happened yesterday near the bridge. A young man by the name of Clark was thrown from his horse, the horse falling on him and crushing his skull, causing death in a few hours. He was attended by Dr. Davis, and taken to the Tremont hotel, where he died among strangers.

One thing very much to be regretted is the irregularity of religious service. The Christian Church has preaching occasionally; the Methodist and Presbyterian ditto. I am told that steps are being taken to have preaching every Sunday.

REMARKABLE CURE OF MRS. HOOVER.

TUALATIN PLAINS, WASHINGTON CO., OREGON, July 22, 1871.

DR. A. M. LORYEA—I have been troubled with Rheumatism for the past twelve years; my joints, especially those of my feet and hands, were badly swollen, so that I could with difficulty go around. My shoulder pained me a great deal and a LARGE BONY SWELLING grew out, so that I could not raise my hand to my head.

Since last spring I have been taking your "Oak Weed Remedy," and find myself much improved. The swelling and pain has left my joints and shoulder and THE BONY GROWTH HAS ENTIRELY DISAPPEARED and I use my limbs and am far better than I have been for years.

PLANTATION BITTERS

Thousands of families in Ohio and Mississippi valley, and on the border of the southern rivers and swamps, will not be without out.

PLANTATION BITTERS

"The value of such an antidote cannot be expressed in words."

CITY.

PASSENGERS FOR CALIFORNIA.—The steamship *John L. Stephens* sailed at 7 o'clock last evening for San Francisco with the following list of passengers: Mr Carlton, Mrs E Stevens, Mrs Carlton, Mrs Hussey, R Beers, Mark A King, Wm Awberry, wife and child, Geo L Baum, Andrew Wey, A T Herrick, M P Herrick, Mrs Monnell, Miss Clara Reed, Mrs Chas Folger and 3 children, Mrs Kerr, Mrs Baker, Annie Offord, Wm Witts, A F Zamlock, C W Westport, Geo Manzey, Frank Clark, A McKenzie, Ashley Pearce, Edwin H Palmer, H A Clark, J McCraken, A C Tunnicliff, John G Gorge, Daniel Wilson, F C Hathaway, B S Coggshill, Mrs Mary B Parker, Flora Myers, H Bamberger, P Selling, Chas A Taylor, Mrs Levy, Miss Ella Ryan, C Wempster, C W Ormbree, J C Sears, E A Hawley, J Wing, E P Rogers, G T Tibbetts and wife, A S Evans and wife, Miss Harris, Miss Janes, G G Waite, M Wolff, Jos Appel, A Myer, S Ackerman, Henry Shaw, A Meier, M Sibata, M Rumsey, T Kabo, Jos Stiles, H Comstock, B Binnard, G A Travor, M Sowling, Rev Mr Harris, Mr Mussey and 34 in the steerage.

THE MONTICELLO AND OLYMPIA STAGE ROAD.—This road used to have the reputation of being positively the worst on the coast, and there is little doubt that it came rightfully enough by its reputation. Of late, however, it has been greatly improved. The present mail contractors and stage proprietors have employed great numbers of men on the road and have expended large sums of money to redeem it and make it a respectable road for travel. They have succeeded so far as to leave no occasion for passengers to make disparaging or profane remarks, as used to be the invariable rule. We have often, this summer, heard old-time travelers over the route speak of the wide contrast between now and four or five years ago. We find the following volunteer card in the *Pacific Tribune*, August 4th inst., in regard to the road:

The undersigned, learning that statements are in circulation in relation to the bad condition of the stage road from Olympia to Monticello, and especially from Pumphrey's to Monticello, cheerfully say that, on last passing over the whole route in the stage, they found the road in good condition, and especially that from Monticello to Pumphrey's; the stage company have put it in good condition.

Leander Holmes, Hill Harmon, H. A. Truax, E. M. Edwards, John J. Scott, C. W. Boeschen.

LARCENY BY BAILEE.—Yesterday there was a case before Justice Snyder which created considerable stir in certain circles. At the time Gregovich came here to recover his child from his divorced wife, it will be remembered, he got into jail upon the complaint of the woman, for raising a row. While in jail, he gave to a man named George Stevens twenty dollars, upon the promise of that individual that he would go and bail him (Gregovich) out of the jail. Stevens did not do it but went and used the money for other purposes. Stevens was arrested and tried, yesterday, for larceny, under our statute, Messrs. Gibbs and Burmeister prosecuting the case. The Justice found him guilty, and sentenced him to pay a fine of $60, or in default to rest himself in jail for thirty days.

NEW BUILDINGS.—Messrs. Goodnough & Tribou have just taken contracts, says the *Bulletin*, for the erection of two fine store buildings on Holladay's Addition, each with tenements. The first is for Mr. George V. James, on the northwest corner of block 39, fronting on Holladay avenue and Second street. This building will be twenty-four by fifty feet in size, two stories high. The ceiling of the first story is fourteen feet, and the second story twelve feet. Another building is to be erected by the same parties for Messrs. Bailey & Lang, corner of Holladay avenue and Fourth street, twenty-four by forty feet in size, same style as that for Mr. James, with ceilings two feet each story less. Arrangements are being made for the construction of twenty residence houses on the Addition for Ben. Holladay, to be commenced within a very short time.

SCARCITY OF GAME.—Though the season for game birds is just now getting at its height, there is a remarkable scarcity of game in the market. Sportsmen say that birds of all kinds are scarcer than ever before. This is owing partly, of course, to the settling up of the country, but mainly, this year, to the wholesale and reckless destruction of the parent birds last spring, just when they were mating and nesting. We called attention then to the bad policy of shooting the birds, and predicted the scarcity which has followed. If people would only have a grain or two of sense in this matter, there would be comparative plenty of game birds for many years.

THE FIREMEN'S ANNUAL PARADE.—The Board of Foremen and the Committees on Annual Parade had a meeting last evening at the Police Court-room, to take action in regard to the approaching annual parade of the Department. Sub-committees were appointed and it was unanimously resolved to extend invitations to the Fire Departments of Oregon City, Dalles, Albany, Salem, Astoria, Vancouver and Walla Walla, to participate in the exercises of the day. The Committee was also instructed to invite the exempt members of the Portland Department to attend the parade in a body.

PROMISED ASSISTANCE.—Some time ago, at the request of Mr. Roberts, Chief Engineer of the Northern Pacific Railroad, wrote to Jay Cooke, the banker of the R. R. Co., in regard to our State and Washington Territory. Mr. Roberts, when he went East took a lot of maps and documents issued by Mr. Davidson, which he gave to Jay Cooke. Mr. Davidson is just in receipt of a letter from Jay Cooke, in which he says he will do everything he can to help Portland, Oregon and Washington.

THE RAILROAD BIG SCALES.—The immense Fairbank's scales, purchased by the O. & C. Railroad Co. for the purpose of weighing cars, have been made ready for use, at the upper end of the Clinton Point dock. Upon test they are found to be of very delicate balance even in weighing light weights. The locomotive Portland was run upon the platform Tuesday, and found to weigh 62,900 pounds. One of the passenger cars weighed 34,400 pounds, and a baggage car, 30,700 pounds.

LAND PATENT.—The Oregon & California Railroad Company received, yesterday, their second land patent, covering selections to the aggregate of 12,237 acres of land. These lands lie within the limits of the grant to the Company, scattered along to the limit of the Oregon City land District, about eleven miles south of Albany. Many of the tracts are lands as valuable for farming purposes as those taken under the old donation and the later homestead and pre-emption laws.

COUNTY COURT.—The County Commissioners met yesterday, and audited about the usual number of bills against the county. The official bond of C. W. Burrage, County Surveyor, was filed and accepted. The financial statements of the Clerk and Treasurer, for the year ending June 30th, were filed, and at the adjournment of the Court were under examination. The exhibit will be published as soon as it passes the scrutiny of the Commissioners.

GAS LIGHT CO'S WHARF.—The wharf in process of construction by this company is no trifling affair. It extends from E to F street, and reaches from the bank into the river, about as far as the steamship wharf. It is to be two stories high, with a wide roadway on E street, from the lower floor to North Front street. When completed it will be among the largest on the west side of the river.

NAVIGATION.—The Wallamet river is reported by steamboat men as being at much better stage for navigation than at the corresponding period last year. It is believed that it will not get so low at all this year as it was last. The improvements to be very soon commenced will, no doubt, greatly better the navigation of the river as far up, at least, as Salem, and possibly higher.

THE RAILROAD EXCURSION.—The excursion train next Sunday will leave Portland at 9:30 A. M., and returning, will leave Aurora at half past seven. Tickets $1 for the round trip, may be had at Chas. Goldstein's cigar store, postoffice building.

SALE OF SEIZED GOODS.—The Chinese goods seized on board the *Edward James* by the customs officers, for non-payment of duties, will be sold at the Custom-house at ten o'clock this morning—Mr. A. B. Richardson acting as auctioneer.

ARRIVED AT SAN FRANCISCO.—Mr. Walter Moffett received a telegram yesterday announcing the arrival of the bark *Edward James* at San Francisco on Tuesday.

ANNUAL M. E. CONFERENCE.

OPENING OF THE NINETEENTH ANNUAL CONFERENCE—LARGE NUMBER OF MINISTERS IN ATTENDANCE—THE MISSIONARY CAUSE PRESENTED—COMMITTEES AT WORK.

The M. E. Conference of Oregon commenced its nineteenth session yesterday in the Taylor street M. E. Church of this city. Bishop Janes presides, and he impresses us as a presiding officer of great experience and ability. There are about seventy members, constituting a dignified and impressive body of Christian gentlemen. They have assembled from all parts of Oregon and Washington Territory.

The exercises were opened by the Bishop at 9 o'clock, by very impressive religious services; then followed the appointment of a large number of committees upon various interests of the Church, and religious questions, such as the Sabbath, the Bible Cause, the Sunday School, etc.

A number of ministers were introduced as transferred from the East to this coast. They were all, in appearance, intelligent and capable—just such men as we need in our growing State.

After some other items of business were transacted, Rev. Dr. Harris of New York was introduced, and presented most impressively the interests of the Missionary cause.

About $800,000 are annually collected and expended by the Methodist Episcopal Church in Missionary work in home and foreign fields. It seems that every one of the sixty-three different Conferences of this Church have more or less of help for poorer charges within its bounds. Their policy in foreign lands is to convert and train native help, and make the churches thus organized self supporting as early as possible.

The afternoon was spent by committees in getting ready their reports.

Last evening, Rev. Mr. Shaw preached.

The Conference will resume its official session this morning at nine o'clock.

Visitors are warmly welcome.

COMMON COUNCIL.

REGULAR MEETING, AUGUST 10, 1871.

Present—His Honor, Mayor Wasserman presiding, and Councilmen Bills, Burton, Caywood, Congle and Combs.

Mr. E. D. Backenstos acted as Auditor and Clerk, pro tem, in the absence of Mr. Caldwell.

PETITIONS GRANTED.

Trinity Church, on petition of Lloyd Brooke, was granted the use of Oak street for the removal of church building.

Messrs. Tribou & Goodnough were granted the use of parts of B and First streets for building purposes.

The applications of Michael Owen, Peter Martin, L. H. Lewis, B. Irving, and J. D. Whiting, for permits to improve various streets under ordinance 923, were referred to the Committee on Streets and Public Property.

REPORTS.

The Committee on Fire and Water reported favorable upon the improvement of the rear yard of No. 3's engine house.

Street Commissioner Marshall reported Columbia street in a dangerous condition east of Front street, and asked for permission to fence it up. Referred to Committee on Streets and Public Property.

CLAIMS AGAINST THE CITY.

Warrants were ordered in payment of claims against the city, as follows: Thomas Stephens, for work upon Washington street, $1,047 52; P. G. Baker, G street work, $1,327 02; Morrison & Gosney, Alder street work, $620 80; T. Patterson & Co., advertising, $54; St. Helen Mill company, plank, $1; J. B. Conglo, repairs to hose, $35; J. H. Lappeus, board of city prisoners, July, $388.

ORDINANCES.

An ordinance, providing increased pay for the Chief Engineer of the Portland Fire Department, was laid upon the table.

The Council adjourned.

AMUSEMENTS.

ORO FINO THEATER.—The Nathan Juvenile Troupe made its first appearance last evening to a very good house, the theater being well filled in all parts. Of the new comers, we do not hesitate to say that no one witnessed the performances of La Petite Marion—a child only ten or eleven years—without astonishment at her wonderful precocity. Her management of the Irish brogue, dramatic conception of the parts she essayed, and perfect familiarity with the "business" of the plays, would have reflected high credit upon her had she been an actress of twenty-five years instead of the mere child she is. Her rendering of the pathetic lines in the character of Andy Blake, was as fine as it could have been done by many a veteran. In the rollicking humor of the piece she was equally at home. In fact she was the play itself, though Mrs. Nathan did the character of Granny Blake very creditably, and brought down the house with one passage in her double character of Lady Mountjoy. Master Edward gave a very good Irish personation as Ignatius Mulrooney. Mr. Dudley would have done Gen. Daly creditably, if he had been up in his lines. The other characters were only so-so. The two boys, Edward and Louis played a cornet duet, and got a marked encore. Mrs. Nathan's ballad may be new, as stated by the bills, but it will not be popular. We did not think the dancing of Misses Selina and Julia particularly good. It lacked a peculiar grace that only a few dancers ever attain. Paddy in India—a ludicrous and laughable burlesque—was well put on the stage and its drolleries, witticisms and unnatural situations, elicited great merriment and applause. Little Marion was in this piece also, the center of attraction, and she fairly carried off its honors. In Andy Blake, she had a call before the curtain, at the end of the first act. She made her best impression in this piece. She will be an immense favorite. The same bill will be rendered again this evening.

BALL TO NIGHT.—The dancing portion of the community, will, of course, remember that the Washington Guard's ball will come off to-night, at their armory. A pleasant time may be counted upon.

DEEDS FILED FOR RECORD.

WEDNESDAY, August 9, 1871.

Arthur H. Johnson to M. S. Burrell, block 4, Johnson's Addition—$6,500.

C. W. Burrage to W. H. Thomas, the east half of southeast quarter of the southeast quarter and the southeast quarter of the northeast quarter of the southeast quarter section 30, township 1 north, range 2 east, 30 acres—$900.

L. M. Parrish to T. J. Carter, lots 1 and 2 in block 197—$2,700.

PERSONAL.

Mr. Hyde, Agent at Ft. Hall, prior to the arrival out there of Major M. P. Berry, has recently arrived in this city, expecting to be sent to the Klamath reservation. He has, however, been detained at Salem to await orders.

Mrs. Laura DeForce Gordon went to Vancouver yesterday afternoon, to lecture upon the woman question, last evening. She will start to-day or to-morrow for Olympia where she has an appointment to speak Saturday evening.

BUSINESS NOTICES.

CHANGE OF HOURS AT THE SKATING RINK.—On and after Saturday evening next, the Skating Pavilion will be open from 8 o'clock till 10 in the evening, instead of the later hours heretofore observed. The Pavilion continues, as heretofore, a place of resort for crowds of people, whenever the weather is not too warm.

BOOT, SHOE AND LEATHER HOUSE.—The firm of Hecht Bros. & Co., of San Francisco, has undergone a recent change, receiving as a member Mr. Theodore E. Smith, late with Hobart, Wood & Co.

DISASTROUS RUNAWAY.—A runaway of a serious character occurred yesterday afternoon on Front street, below Ash. A span of horses attached to one of the East Portland trucks ran up Front street from somewhere about McCraken's stable. A dray driven by Mr. Carey, one of the F. D. & H. Co.'s employes, was passing down Front street near Ash. Mr. Carey seeing the runaway team coming, attempted to get out of the way but unsuccessfully. The team ran into his dray, upset it, threw him a considerable distance, and the wheels of the heavy truck passed over his body. Both the dray and truck were somewhat broken. Mr. Carey was picked up, at first insensible, and carried into Knapp, Burrell & Co.'s store. Dr. Chapman happening to be near was called to attend him. Mr. Carey reviving after a little, was taken in the Doctor's carriage to his home, corner of Stark and Fourth, where he received such treatment as was required. Both his arms were badly bruised, and the heavy wheels having passed over his body, he was seriously, though it is hoped not dangerously hurt in his left side and the small of the back. At our last accounts it could not be known how serious was the nature of this hurt, but the physician expressed the belief that no internal injury had been received. The goods on the dray were scattered by the collision in all directions and were afterward picked up in all sorts of stages of damages to packages.

WHARF AT CARROLL'S LANDING.—Capt. Winsor, who has started in to build a wharf 1,000 feet long at Carroll's Landing, has completed 400 feet of it, and is diligently going for the other 600 feet. We understand the Captain is offering large inducements for the building of a saw-mill and other enterprises at Carrolton.

Forty years' experience have tested the virtues of DR. WISTAR'S BALSAM OF WILD CHERRY, and the result is that it is the best remedy extant for pulmonary and lung diseases, embracing the whole range from a slight cold to a settled consumption. Were it not for its merits, it would long since have "died and made no sign."

Vichy Waters are curative in Gravel, Stone, Vesical Catarrh, Affections of the Intestinal Tube, Liver, Spleen, Hepatic Colic, Paludal Cachexia, Albuminaria, Chlorosis, etc., and most soothing and preventive in Gout, Rheumatism, Rheumatic Gout, Diabetis, etc. For sale at C. Biliousness and Indigestion.

These two complaints are more general at this season of the year than at almost any other. They are closely akin; for biliousness always involves an impaired digestion, and indigestion is necessarily an accompaniment of a disordered or torpid liver. Happy the man or woman who can boast of a stomach that has never felt the horrors of dyspepsia, and to whom that great secretive agent, the liver, has never given pain or trouble. Not one in a thousand can lay claim to entire immunity from irregularity in these organs. How, then, shall they be regulated? Not by powerful cathartics, alternated with ordinary stimulants, but by a medicinal invigorant, like Hostetter's Stomach Bitters, which combine in due proportion the tonic and the alterative principle. Wherever there is a church, a schoolhouse, and a general store, this famous medicine may be procured. No village merchant finds it prudent to be without it, for it is enquired for every day by every class. The workingman buys it because it increases his capacity for toil and is followed by no reaction. The effect of the salubrious roots, herbs, etc., of which it is composed, diffused through his system by the pure stimulant which form the basis of the Bitters, is most healthful and invigorating. The scholar, the merchant, and, in fact, all men, whose minds or bodies, or both, are in constant exercise will derive benefit from its use. To persons of sedentary habits it supplies, in some measure, that activity in the circulation which is obtained by physical exertion, and is the best known remedy for constipation.

Ask for Hostetter's Stomach Bitters, and do not be coaxed into purchasing any of the imitations and frauds sometimes offered in its stead.

Anecdotes of Rufus Choate.

The Bench and Bar, by L. J. Bigelow says: Rufus Choate and Chief Justice Shaw, of Massachusetts, often indulged in words combats, and wit was generally freely expended by both sides. Choate was once arguing a cause before the Chief Justice (who was one of the homeliest men ever elevated on the bench,) and, to express his reverence for the conceded ability of the judge, said, in yielding to an adverse decision:

"In coming into the presence of your honor, I experience the same feelings the Hindoo does when he bows before his idol. I know that you are ugly, but I feel that you are great."

It is said that Choate had a command of language, and his brain teemed with a wealth of diction truly marvelous. When Judge Shaw first heard that there was a fresh edition of Worcester's Dictionary out, containing 2,500 new words, he exclaimed, "for heaven's sake, don't let Choate get hold of it."

Choate, in an important assault and battery case at sea, had Dick Barton, chief mate of the clipper ship *Challenge*, on the stand, and badgered him so for about an hour that Dick got his salt water up, and hauled by the wind to bring the keen Boston lawyer under his batteries.

At the beginning of his testimony, Dick said that the night was as "dark as the devil, and raining like seven bells."

Suddenly, Mr. Choate asked him:

"Was there a moon that night?"

"Yes, sir."

"Ah, yes! a moon—"

"Yes a full moon."

"Did you see it?"

"Not a mite."

"Then, how do you know there was a moon?"

"The Nautical Almanac said so and I'll believe that sooner than any lawyer in this world."

"What was the principal luminary that night, sir?"

"Binnacle lamp aboard the *Challenge*."

"Ah! you are growing sharp, Mr. Barton."

"What in blazes have you been grinding me this hour for—to make me dull?"

"Be civil, sir. And now tell me what latitude and longitude you crossed the equator in."

"Sho—you're joking."

"No, sir, I am in earnest, and I desire you to answer me."

"I shan't."

"Ah! you refuse, do you?"

"Yes—I can't."

"Indeed! You are the chief mate of a clipper ship, and are unable to answer so simple a question?"

"Yes, 'tis the simplest question I ever had asked me. Why, I thought every fool of a lawyer knew that there ain't no *latitude* at the equator."

That shot floored Rufus.

The Case of Mrs. Wharton.

A New York paper gives the following about this woman who is accused for divers murders:

The community was fearfully startled last week by an event that came home to one and all of our social whirl. We allude of course, to the sudden death of old General Ketchum, the sickness of Colonel Van Ness, and the charge of murder preferred against Mrs. Wharton, widow of the late Major Wharton, of the regular army.

The people are not only known to the fashionable circles of the National Capital, but were noted personages. Only a few days since the corpulent General Ketchum, under his brown wig, grizzly whiskers, and genial face might have been seen at any hour either walking or driving upon our avenue.

As for the lady charged with this horrible crime, she is well known to the best classes of both Washington and Baltimore, and was the last person in the world to be suspected of crime. Mrs. Wharton must be 55 or 60 years of age. Of medium hight, and slender figure she appeared comely for her age, and is probably younger in appearance than in fact. She is somewhat eccentric, made so probably by her late husband, who was exceedingly queer. We knew him well while stationed at Baltimore during the late war. He was mustering officer at that post. Many amusing stories are told of his odd ways. He had his office extremely neat, the floor being scrubbed every day, and those infernal abominations called spittoons carefully washed out and put in place. One day while swearing a private, the man, in the midst of the oath, expectorated a quantity of tobacco over the floor. The Major stopped suddenly, and looked at the fellow with great severity.

"How dare you spit on my floor while I am administering the solemnity of an oath, eh?"

"I beg pardon, Captain; I forgot."

"Well, don't try it again or I'll kick you out. You solemnly swear—damn it—hold up your right hand," etc.

On another occasion while administering the oath to a company in the street before his office, a wagon drawn by four mules came rattling along. The Major in the midst of the ceremony, roared to his orderly, "Stop that wagon. Don't that damned fool see that I am engaged in administering an oath? Now, men, hold up your hands again. I'll begin once more."

Of course all sorts of wild rumors are in circulation concerning the event, and the poor woman is charged with more murders than are necessary to make a Borgia.

WEDNESDAY EVENING, August 9th, 1871.

Gold in New York, 112¼ currency, buying, 89½; selling, 90.

Wells, Fargo & Co. shipped, per *John L. Stephens*, $75,000 in bullion.

Steamer *John L. Stephens* sailed to-day for San Francisco.

Bark *R. W. Wood* sailed for Honolulu with cargo Oregon productions; will probably return inside 90 days with cargo of Island productions.

A. B. Richardson & Co.'s auction sale of tobacco was well attended and prices obtained satisfactory.

We learn that the late severe storm, about eleven days ago, in Walla Walla valley, for a width of from one to two miles, did great injury to the wheat crop, and in some instances destroyed the entire crop of several farmers. We also learn that the yield of wheat in that valley is unprecedented, and that the farmers are bringing large quantities of the new crop to market.

The yield of oats will not be, it was estimated three weeks ago, as large by one-third as last year, owing to the late seeding and several weeks of dry weather retarding its growth, but a week or two of cloudy and showery weather increased the estimate so that it will be fully three-quarters as large as last year. The comparison of shipments from this port for the years 1868-69 and 1870-71 is very great. For the season of 1868-69 there was exported from here 124,000 sacks for that of 1870-71, 6,000 sacks. Included in the exports of 1868-69 was a great deal of oats, accumulating for one or two years, owing to no means of exporting it at remunerative prices. For the season of 1870-71 there has been an active home demand, owing to the railroads employing so many teams in grading roads—the North Pacific Railroad draws its supplies from this market as well as our local roads—and, though the yield per acre was light. This season the home demand will be more active than any previous season, and the small yield together with the home demand, will not allow of more than 2,000 sacks for exporting. If that.

We are in receipt of advices from England to July 15, from which we learn that the crops, owing to the state of the weather, were backward and could not be harvested in the average time. Great uneasiness was expressed owing to the state of the weather, as the early future of the weather must necessarily be largely predicated upon atmospheric changes. The Bank of England made a further reduction in rate of discount from 2½ to 2 per cent.

The rapidity with which Portland has been assuming a place among the commercial cities of the United States within the last year, is such as to cause even the most sanguine to express surprise. That her growth in the future will compare favorably with that of Chicago is fully believed. Direct trade with foreign countries, until within the last year, has not been very marked, outside of shipments of lumber; but now we find our jobbers—who are our importers—enlarging the field of operations with foreign countries, and this year we can with confidence predict a larger import and export trade with foreign countries than has been expected would be achieved for several years to come. But it is not in direct trade with foreign countries wherein Portland's advancement will be so marked. It is the gradual concentration of trade from the inland towns and counties in Western Oregon, heretofore purchasing in San Francisco and shipping thence the produce of those towns and counties by sail from sea port towns nearer at hand than Portland, owing to the tariff being cheaper to them than to Portland. But by the building of the Oregon and California Railroad all the trade of these counties will be brought here, as the master spirit who is doing so much for Oregon (and at the same time greatly benefiting himself) in pressing to completion the present railroad system of Oregon, will hardly allow any obstacle, such as high tariffs, to remain so as to defeat the accomplishment of his scheme of making that road pay by shipments to and fro over the route. The thickly settling up of Western Oregon has but begun, and with low tariffs ruling it will continue until the entire country will be thickly dotted by farm houses, which will cause not the running of two or three freight cars, but of double, and even five times, as many freight cars to meet the requirements of trade. The Oregon Central Railroad, under contract for the first twenty-five miles, will soon be in readiness for the cars. This railroad will run through as rich agricultural land as can be found anywhere in the Union, half, if not a majority, of which has never been cultivated, but nearly all will be the coming season; for the certainty of transit of produce to market at low rates is a great stimulator to the cultivation of land. The People's Transportation Company have accepted the situation by lowering tariffs on their route, and with the improvements contemplated by the Government, for the navigation of the Willamette, this company will probably make still further concession in prices. It is not to Western Oregon that Portland looks for a larger amount of trade, but also to Western Washington Territory. A large majority of this trade, owing to high tariffs to Puget Sound, has gone to San Francisco, but by the building of the railroad from the Columbia river to points on the Sound, quicker transportation can be had, and in bringing the railroad into competition with the ocean steamers, will secure to us low rates for shipping goods to the Sound ports. That the merchants and traders will not be slow to avail themselves of it, we are firmly convinced from the fact that heretofore they have always claimed, to take the average prices here and in San Francisco, the percentage was in favor of Portland.

Seminal Weakness.

Seminal Emissions, the consequence of self-abuse. If relief be not obtained, should apply immediately, either in person or by letter, and have a cure effected by his new and scientific mode of treating this disease, which never fails of effecting a quick and radical cure. Dr. G. will give One Hundred Dollars to any person who will prove [illegible] cured to him that he was cured of his complaint by any of the San Francisco quacks.
